13 June 2018

To all members of the
St Vincent's Castleknock College community
and wider family

Friends,

Earlier this year we had the great joy to announce the appointment of a new Principal for the College. That appointment made it necessary then to find a new Deputy Principal and, again, it is a pleasure to convey the news that Mr Colin Townsend has been appointed by the Board of Management to this demanding and pivotal role in the life and work of St Vincent's Castleknock College.

As you will know, Mr Townsend has been a member of staff for twenty eight years. He is a distinguished Mathematics Teacher and sports coach. His skill as a motivator is widely recognised and appreciated. The Board of Management and the Trustees congratulate him on his appointment and are confident that the wider St Vincent's Castleknock College community do so also.

As the academic year draws to its ultimate end with the conclusion of the Leaving Certificate and Junior Certificate examinations, the college community expresses once again our gratitude to Mr Oliver Murphy and we look forward to a new term and all the blessings that come when faith and reason are allowed to flourish.

Yours sincerely,

Paschal Scallion CM
Chairman of the Board of Management
